## THE ROYAL MEDICAL BENEVOLENT FUND SOCIETY OF IRELAND

### BELFAST AND COUNTY ANTRIM BRANCH

THE honorary secretary and treasurer of the Branch begs to acknowledge with the warmest thanks of the chairman and Committee, donations and subscriptions for the financial year ending 30th April, 1943, amounting to £283. 10s. 6d. For the second year in succession gifts have exceeded the amount of the grants made to widows and dependants, and this had not been the case for many years. Five subscribers have become life members, but intend to continue their annual subscriptions, and twelve new subscribers have been enrolled. There are, however, still some hundreds of medical men and women in Belfast and County Antrim—as in other parts of the country—who, as yet, give nothing to this our own charity.
